WORKING EXAMPLE

// DETAIL INCLUDED IN THE DRAWING

// THEREFORE SHOWER BASE WILL BE

PLEASE NOTE

- / MULTIPANEL upstands are attached to the shower base; therefore, MULTIPANEL will allow 10mm for each upstand that is required. (Example is shown above).
- / For best practice MULTIPANEL recommend the minimum measurement off any wall is required to be 200mm.

PLEASE INDICATE

- / Waste position and measurements
- / Shower base measurements
- / Shower base Quantity in box provided

<p>(LH) Qty <input type="text"/></p> <p>Diagram showing a shower base configuration for a Left Hand (LH) wall. It includes a thick black line for the shower base and a dashed line for the wall. Dimensions are indicated with arrows and labeled 'mm'.</p>	<p>(RH) Qty <input type="text"/></p> <p>Diagram showing a shower base configuration for a Right Hand (RH) wall. It includes a thick black line for the shower base and a dashed line for the wall. Dimensions are indicated with arrows and labeled 'mm'.</p>
<p>(3 Wall) Qty <input type="text"/></p> <p>Diagram showing a shower base configuration for a 3 Wall setup. It includes a thick black line for the shower base and dashed lines for the walls.
